

# ***“Enhancement of local heritage and promotion of European citizenship”***

## **CALL FOR VOLUNTEERS**

**6 Months - From May to October  
Region of Brittany – France (based in Rennes)**

**Cultural heritage  
Intercultural education  
EU citizenship**

**Number of Participants** 1 volunteer of the European Solidarity Corps (in a team with French volunteer)

### **Summary and aim of the project**

Volunteers' work consists of the organization, participation and promotion of different summer workcamps in Brittany.

You will work in a team with other French volunteer for the whole period, supported by your coordinator.

This project aims to raise awareness of natural and built heritage, which also vehicles social connections and to promote interculturality.

The key moment of the project is the welcoming of two teams of European volunteers during the summer period.

Through the workcamps, you will make heritage more accessible to young people and to the population, in order to develop an interest to its conservation and to create connections between the cultural diversities of the European communities.

### **Volunteers profile**

Motivated to live an intense experience in terms of activities, encounters and discoveries.

Curious to learn and to meet the others, to live a collective experience.

Active, open minded, dynamic, ready to facilitate the group of volunteers coming from different countries and able to build connections in the group and with the locals. Interest in doing outside work.

Knowledge of basic English and French recommended. ( a driving licence is

a plus)

## Hosting conditions/ Accommodation

The volunteer will get food allowance and pocket money each month. During the whole period of the project, the volunteer will have a single room in a shared house. During the workcamps, the volunteer will live with the group (in tents)

## Activities description

You will arrive in Rennes, discover the city and the association, with the other long-term volunteers.

- **Organization!** Preparing the arrival of the groups of volunteers through the organization of activities for the collective life, the cultural discoveries and the actions of communication with the locals (sensitizing the local populations in the territories of the missions).

**Dates:** May-June

**Place:** Rennes

- **Participation!** Welcoming of the volunteers for integration days in Rennes. Then the group will leave to settle in the villages hosting the workcamps. It will be a collective experience: all the volunteers (long and short terms) will live together and take part in the work, the activities,... The renovation works are supervised by a technical animator. The short term volunteers will leave after the summer workcamps !

**Dates:** July -August

**Place:** different territories where the workcamps take place.

- **Promotion!** The team of ESC and French volunteers meet together to add value to the actions carried out during the summer (exhibition, forum, videos, newspaper, blog...) according to their desires and interests.

**Dates:** September- October

**Place:** Rennes

## Hosting organization

Etudes ET Chantiers is a non-profit organization which develops environmental and heritage conservation projects. Since the 1960's, we organize summer camps in Brittany to involve people from foreign countries and give them the opportunity to meet, to be useful, to discover our region, to help the preservation of our heritage and the peace between communities! Since the 80's we develop social inclusion works through the enhancement of the natural and built heritage, but we are still organizing volunteer camps!
