

S&G INFO PACK 2025

& SYSTEM GENERATION

ABOUT US WHO WE ARE?

System&Generation (S&G) offers unique volunteering opportunities for young people to engage in various activities, including community interventions, office work, and project development.

Volunteers will gain hands on experience in NGO operations, event preparation, social media management, networking, and more. By joining S&G, volunteers can make an impact while learning valuable skills and contributing to meaningful projects.

S&G's goal is to establish a Volunteer Development Centre in Ankara, Turkey, with the following objectives:

- Foster sustainable civil society dialogue between Turkey and EU civil society organizations (CSOs).
- Promote volunteering as a value and build mutual understanding about its importance.
- Create a supportive environment for volunteers and voluntary activities.
- Mobilize and facilitate volunteering through various approaches.
- Establish long-term cooperation between Turkish and European CSOs, with involvement from the public sector.
