Curba de Cultură

An NGO working with and for young people in rural areas of Romania

We are running 3 (fully private) Youth Centers in the rural communities of Prahova County, Romania, among them the ONLY mobile youth center in Romania.

We take our work very seriously, yet we do it in a relaxed, witty and humorous spirit. A youthful spirit.

Besides activities in the 3 youth centres we organize camps, youth exchnages, training courses and events, but also a big summer festival - Ruralympics.

We have been hosting international volunteers since 2015 and we hosted over 381 volunteers so far from more than 37 countries and 4 different continents.

Your main tasks as volunteer

The youth centres are open 5 days a week and they provide activities almost daily also with your help.

Activities and workshops focused on interculturality and education for environment

You will be responsible for one or more activities during the week in one of the youth centres, from planning to promoting it, to implementing it and evaluating it. It can be anything from games and competitions to arts, crafts, tech, digital or simply playing boardgames or PlayStation.

Logistic and organizational support

For centres to run we also need your help, from arranging and cleaning to decorating and promoting it and to welcoming and socializing with youngsters

Evaluating and report own work

Once a week there is an evaluation form to fill in. As well a planning meeting, in order to know who does what.

Besides youth centres we collaborate with local schools and libraries, these being spaces in which you can meet young people and you can do activities with them as well

Visits to landfills and recycling centres

We will organize together some visits with youngsters to landfills and to sorting and recycling centres to contribute to raising awareness on importance of recycling and reducing the waste.

Film projections and events

You can organize projections in the centres and outdoors in the summer and you will help us organize events for different occasions, like our winter conference or Ruralympics festival

Organizing hikes and trips as well as cleaning actions

The nature around is amazing and its worth exploring it. Unfortunately some people also leave trash everywhere.
