We are very proud that the Municipalities of Aristotle & Oreokastro supported the creation of the "Youth Council of Aristotle". Which is a program, funded by Erasmus+ and implemented by AristoTales, to establish a non-political youth council. This council, representing 16 local communities, will voice youth needs, organize activities, and advise the municipality.

VET Erasmus+

We successfully host VET Erasmus placements in hotels across the Municipality of Aristotle, offering hands on experience in Front Office and Food & Beverage departments.

As the program expands, we are partnering with more companies to create new learning opportunities and we are always looking for sending organizations to collaborate with us.
